

Tea Pot Dome District Water Supply Notices

January 6, 2026

This email is a reminder that we will be shutting down the system for annual maintenance on January 15th. The shutdown is projected to last approximately three to four weeks.

Additionally, if there are any individuals or parties looking for the district to sink their unused allocation, please submit your request as soon as possible. Early submission is essential to allow us sufficient time to manage these request.

Sincerely,

Kirk Masters

Water resources Superintendent
