AGENDA STAFF REPORT

Item No. 4.a.i

DATE: June 3, 2026

TO: Board of Directors

FROM: Alex Peltzer, GM
John Michael Domondon, Operations Manager

SUBJECT: April ET Consumption - Groundwater Use Summary Report

SUMMARY and RECOMMENDED ACTION:

Receive and file the April 2026 ET Consumption – Groundwater Use Summary Report. The report provides a summary of monthly surface water deliveries, estimated evapotranspiration (ET) consumption, and groundwater use exceedances within the District. The updated April 2026 report will be provided as an attachment to this agenda item.

DISCUSSION:

As part of the District's ongoing groundwater management and monitoring efforts, staff prepares monthly ET Consumption – Groundwater Use Summary Reports to track water use within the District service area. The report compares estimated evapotranspiration consumption against reported surface water deliveries to identify groundwater use and any exceedance amounts subject to the District's groundwater management policies.

Summary of the April 2026 Report (attached):

- | | |
|---|---------|
| • Monthly surface water deliveries | 505 AF |
| • Total estimated evapotranspiration (ET) consumption | 735 AF |
| • Groundwater use exceedances | 0.00 AF |

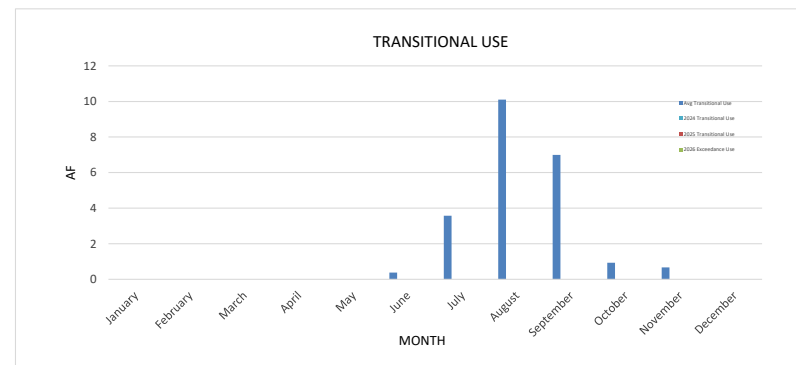

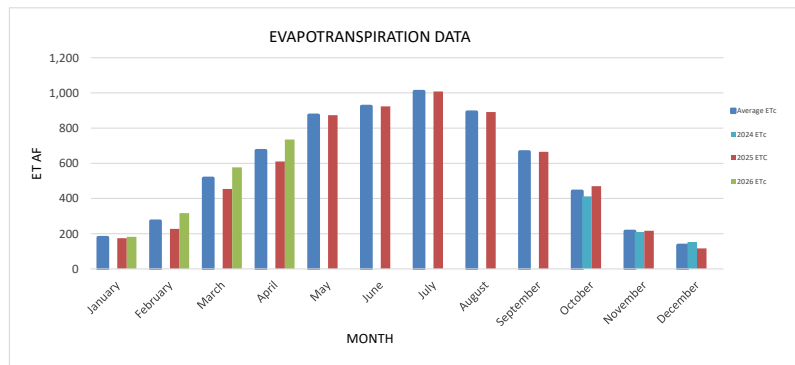

RECOMMENDED MOTION:

AGENDA STAFF REPORT

Item No. 4.b.ii

DATE: June 3, 2026

TO: Board of Directors

FROM: Alex Peltzer, GM
John Michael Domondon, Operations Manager

SUBJECT: Tule Subbasin Unified GSP Cost Share MOU and Scope of Work – Action Item

SUMMARY & RECOMMENDED ACTION:

TPDWD GSA staff request the Board of Directors approval of the Tule Subbasin Unified GSP Cost Share MOU, and both proposed budget scenarios for the GSA's share of the Scope of Work. Included in this report is a budget breakdown for each GSA's proportionate cost share based on GSA acreage in the Subbasin. There is a second budget breakdown that provides the same breakdown but showing Delano-Earlimart ID GSA as a non-participate. Approval of this item will commit LTRID GSA to cost share with other GSAs in the Tule Subbasin in the preparation of coordinated technical supporting analysis that has been identified as being deficient or inconsistent in the current GSPs and Coordination Agreement. Staff recommends participating in this effort by executing the Cost Share MOU and approving the initial Scope of Work, as the work proposed to be accomplished would answer the most significant deficiencies and inconsistencies of the existing Multi-GSP and Coordination Agreement approach, which provides the most realistic path to exiting probation from the State Water Resources Control Board (SWRCB).

DISCUSSION & BACKGROUND:

Due to a history of uncoordinated and deficient GSPs from most of the GSAs in the Tule Subbasin, the SWRCB voted the Tule Subbasin into probation on September 17, 2024. On April 21, 2026, eight of the GSA's Request for Exclusion were denied by the SWRCB – forcing the landowners in those eight GSA to report their groundwater pumping and pay fees directly to the SWRCB.

Meanwhile, multiple other Subbasins in the state were able to successfully exit SWRCB probation due to the approval of a coordinated GSP approach that aggressively addressed their deficiencies identified by the SWRCB. During recent months, the formation of a Tule Subbasin Policy Committee made up of landowner representatives from each GSA has directed an effort of taking on a similar coordinated GSP approach. At the direction of the Policy Committee and their respective GSAs, a Cost share MOU and technical SOW for the development of a single GSP have been assembled by the Policy Group, involving various technical consultants currently working in the Tule Subbasin each providing one element of the technical work required to resolve technical inconsistencies.

Teapot Dome

Water District and Groundwater Sustainability Agency

The current Scope of Work essentially consists of significant updates to various elements of the existing Coordination Agreement documents, in the following areas:

- Subbasinwide Groundwater Quality and Mitigation Program
- Subbasinwide Land Subsidence Framework and Projects and Management Areas across GSAs.
- Coordination of Sustainable Management Criteria across GSAs, and Coordinated Monitoring networks.
- Compiling of unified GSP
- Subbasinwide Groundwater Quality Monitoring and Mitigation Plan
- Groundwater level monitoring network improvement and coordination.

Most of these elements are necessary whether the entire Subbasin is represented in one single GSP or whether, instead, a Coordination Agreement will be required to tie multiple GSPs together. All of these elements need to be coordinated across the Subbasin before any portion of the Subbasin will be able to avoid continued Probation status and eventual imposition of a State Board-directed Interim Plan. Accordingly, staff recommends the GSA continue to participate in this effort and agree to cost share in this scope of work.

RECOMMENDED MOTION:

“I move to approve the Tule Subbasin Unified GSP Cost Share MOU and either cost share scenario for the GSP development Scope of Work.”

TULE SUBBASIN INTERIM COST SHARING MEMORANDUM OF UNDERSTANDING

This Interim Cost Sharing Memorandum of Understanding (“Agreement” or “MOU”) is entered into as of _____, 2026 (“Effective Date”), by and among the Groundwater Sustainability Agencies (“GSAs”) within the Tule Subbasin, each a “Party” and collectively the “Parties”:

1. Alpaugh Groundwater Sustainability Agency
2. Delano-Earlimart Irrigation District Groundwater Sustainability Agency
3. Tule East Groundwater Sustainability Agency Joint Powers Authority
4. Porterville Irrigation District Groundwater Sustainability Agency
5. Saucelito Irrigation District Groundwater Sustainability Agency

RECITALS

WHEREAS, the Parties are groundwater sustainability agencies (“GSAs”) operating within the Tule Subbasin pursuant to the Sustainable Groundwater Management Act (“SGMA”), Water Code section 10720 et seq.; and

WHEREAS, the Parties are engaged in coordinated efforts necessary to support SGMA compliance within the Tule Subbasin, including technical analyses, reporting, Groundwater Sustainability Plan (GSP) development, implementation activities, and coordination with the California Department of Water Resources and State Water Resources Control Board; and

WHEREAS, the Parties recognize that certain technical, legal, administrative, and consulting services are most efficiently performed on a Subbasin-wide basis; and

WHEREAS, the Parties desire to establish an interim framework for sharing costs associated with such Subbasin-wide activities through December 31, 2026, pending development of future agreements and updated scopes of work for subsequent years;

NOW, THEREFORE, the Parties agree as follows:

1. PURPOSE

The purpose of this Agreement is to establish an interim cost-sharing and administrative framework for the Parties to jointly fund and manage Subbasin-wide activities necessary to support coordinated SGMA compliance efforts within the Tule Subbasin through December 31, 2026.

This Agreement is intended solely as a funding and administrative mechanism and does not replace or supersede any existing Coordination Agreement unless expressly stated therein.

[redacted] Agreement is not intended to limit, or otherwise interfere with, a respective Party's rights and authorities over its own internal matters as recognized by SGMA, including, but not limited to, a Party's rights and powers as a GSA, its surface water supplies, its groundwater supplies, facilities, operations, water management, water supply matters, or anything else limiting a Party's police powers under any other authority.

2. PARTIES

This Agreement is entered into by and among the Parties identified in Exhibit A. Each Party is an independent public agency acting within its authority under SGMA.

3. SUBBASIN-WIDE ACTIVITIES AND SHARED COSTS

The Parties agree to share costs associated with approved Subbasin-wide activities supporting coordinated SGMA compliance within the Tule Subbasin ("Subbasin-wide Activities") as defined in Exhibit B. Approval of Subbasin-wide Activities or any other shared costs requires unanimous approval in writing by all Parties to this Agreement of a written scope of work describing the activity or shared cost, which shall be attached to this Agreement under Exhibit B.

Costs incurred solely for the internal benefit of an individual Party shall not constitute shared costs unless expressly approved by the Parties. The Parties acknowledge that certain activities may apply only to a subset of Parties. In such cases, costs may be allocated solely among the participating or benefiting Parties as identified in the applicable scope of work, invoice, budget, or approval documentation. Costs incurred, whether for Subbasin-wide Activities or solely for individual benefit, by an individual, non-Party, GSA shall not constitute shared costs subject to the cost allocation described in paragraph 4 of this Agreement, if said GSA does not become a Party to this Agreement within one month of the Effective Date.

[redacted] GSA that becomes a Party to this Agreement shall be responsible for their proportional share of the total costs associated with Subbasin-wide Activities performed pursuant to this Agreement as described in this paragraph, including those costs incurred by the Parties prior to said GSA becoming a Party.

4. COST ALLOCATION

The Parties agree to collectively share the costs associated with Subbasin-wide Activities performed pursuant to this Agreement, with each Party contributing its proportional share of the total cost based upon the acreage percentages identified in Exhibit A. The Parties acknowledge that the total acreage utilized for purposes of this Agreement is approximately 475,379.24 acres, with each Party's proportional share calculated based upon its percentage of total Subbasin acreage. The Parties shall contribute their respective shares of approved costs through cash calls issued by the Administrator as necessary to fund approved Subbasin-wide Activities through December 31, 2026. The timing and amount of each cash call shall be determined by the Parties

based upon approved scopes of work, budgets, and anticipated project expenditures. A Party must timely complete its cost-share contribution before it is entitled to joint ownership of work product under Section 8 of this Agreement.

5. APPROVAL OF WORK AND CONSULTANT SERVICES

The consultants and other professional service providers that provide the subbasin-wide activities subject to this cost sharing Agreement will be retained by an individual GSA Party, pursuant to a scope of work and budget under Exhibit B approved by the Board of Directors of each of the Parties to this Agreement. These retained consultants shall take direction only from the authorized representatives of the Parties to this Agreement, and no individual Party may independently direct work in a manner that materially increases cost or expands or changes the scope of work without approval of all of the Parties. .

Plan Manager is responsible for ensuring that consultants are following their approved scopes and will not authorize charges for items outside of the approved scope.

In some cases the consultants performing work subject to this Agreement are also consultants to one or more individual GSAs who are parties to this Agreement. A consultant's work on subbasin-wide activities subject to this Agreement (1) shall be separately billed from work directed by an individual GSA; and (2) shall not preclude a consultant from providing services for individual GSAs that are separate from and not subject to this Agreement

6. ADMINISTRATOR AND FISCAL AGENT

The Parties designate Lower Tule Irrigation District ("Administrator") to serve as the fiscal agent and administrator for purposes of this Agreement. The Administrator shall; (1) receive and maintain Party contributions; (2) maintain accounting records associated with this Agreement; (3) pay approved invoices; (4) provide financial reporting to the Parties on a monthly basis; and (5) retain financial records related to this Agreement for a minimum of three (3) years following completion of work. The Administrator shall have no independent authority to incur obligations or make policy decisions except as expressly authorized by the Parties.

7. BUDGETING, INVOICING, AND PAYMENT

The Parties shall approve one or more budgets for Subbasin-wide Activities performed pursuant to this Agreement. The Administrator shall invoice each Party for its allocated share of approved costs. Payment shall be due within thirty (30) days of receipt unless otherwise agreed by the Parties. Consultant invoices may be circulated to the Parties for review prior to payment. Any Party objecting to an invoice shall notify the Administrator and Parties within ten (10) business days of receipt of the invoice, identifying the basis for the objection. Undisputed amounts may be paid while any disputed portion is addressed by the Parties. A Party failing to timely pay approved costs shall remain responsible for all obligations incurred prior to any withdrawal or termination of participation under this Agreement.

8. OWNERSHIP OF WORK PRODUCT AND NON-DISCLOSURE

All work product generated pursuant to this Agreement shall be jointly owned by the Parties participating in funding the applicable work product, and each such Party shall have access to and the ability to utilize such work product for SGMA-related purposes.

Parties may unanimously forbid the participation of any non-Party, their consultants and representatives, in any technical group meeting intended to support Subbasin-wide Activities. All written work product in the form of technical memoranda, including drafts, sub-parts, and sections thereof, in support of Subbasin-wide Activities shall be subject to non-disclosure, including to non-Party GSAs, unless all Parties consent, in writing, to disclosure. Such non-disclosure shall terminate for each particular technical memorandum upon the Parties consenting to the transmission of and then transmitting said memorandum to SWRCB staff.

9. RELATIONSHIP TO FUTURE AGREEMENTS

The Parties acknowledge that this Agreement is intended as an interim cost-sharing mechanism through December 31, 2026. The Parties anticipate development of updated scopes of work, budgets, and potential future agreements governing Subbasin-wide coordination and cost-sharing activities beginning in 2027. This Agreement may be superseded, amended, replaced, or incorporated into future agreements approved by the Parties.

11. TERM AND TERMINATION

This Agreement shall become effective upon execution by the Parties and shall remain in effect through December 31, 2026, unless earlier terminated or superseded by written agreement of the Parties. A Party may withdraw from this Agreement upon thirty (30) days written notice to the remaining Parties; provided, however, that withdrawal shall not relieve the withdrawing Party of financial obligations incurred prior to the effective date of withdrawal.

12. AMENDMENTS

This Agreement may only be amended by a written instrument executed by the Parties.

13. GOVERNING LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California.

14. COUNTERPARTS AND ELECTRONIC SIGNATURES

This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which together shall constitute one instrument.

Electronic signatures shall be deemed valid and enforceable to the fullest extent permitted by law.

DATE: June 3, 2026

TO: Board of Directors

FROM: Alex Peltzer, GM
John Michael Domondon, Operations Manager

SUBJECT: List of Officers and Appointments – Appointment of GM Peltzer –
Action Item

SUMMARY and RECOMMENDED ACTION:

With the hiring of Alex Peltzer as the General Manager, several officer and representative positions previously held by the former General Manager must be designated and reappointed. Staff recommends that the Board of Directors review and appoint Alex Peltzer to fill the vacant office and representative positions to ensure continued representation and administration of District business.

The positions requiring appointments are:

- Secretary of the Board
- Assistant Secretary / Treasurer
- Tule Basin SGMA Group Representative

RECOMMENDED MOTION:

“I move to appoint Alex Peltzer as Secretary of the Board, Assistant Secretary / Treasurer, and assign Alex Peltzer to the Tule Basin SGMA Group Representative, effective immediately.”

Item No. 6.a.

DATE: May 28, 2026
TO: Board of Directors
FROM: John Michael Domondon, Operations Manager
SUBJECT: Treasurer's Report & Bills to Approve – Action Item

SUMMARY and RECOMMENDED ACTION:

Approve the Treasurer's Report and ratify the Bills Paid for May 2026.

This is a routine monthly item presented to the Board for review and approval. Any items outside of established budget parameters or atypical expenditures will be identified and discussed within the Treasurer's Report.

RECOMMENDED MOTION:

"I move to approve the Treasurer's Report and ratify the Bills Paid for May 2026, as presented."

DATE: May 28, 2026

TO: Board of Directors

FROM: Alex Peltzer, GM
John Michael Domondon, Operations Manager

SUBJECT: Bank Signatory – Removal of Eric Limas and Addition of Alex Peltzer –
Action Item

SUMMARY and RECOMMENDED ACTION:

Staff recommends removing former General Manager Eric Limas as an authorized bank signatory and adding Alex Peltzer, new General Manager and Secretary/Treasurer, as an authorized bank signatory. The remaining authorized signatories would continue to be Mark Greenall, Controller, Matt Lieder, Board President, and Dyson Schneider, Board Vice President.

DISCUSSION:

The District's current authorized bank signatories are Eric Limas, Mark Greenall, Matt Lieder, and Dyson Schneider. Consistent with past practice, the District's authorized signatories consist of the General Manager, Controller, Board President, and Board Vice President.

With the hiring of Alex Peltzer as General Manager, staff recommends removing Eric Limas and appointing Alex Peltzer as an authorized bank signatory. The remaining authorized signatories would remain unchanged:

- Alex Peltzer, General Manager/Secretary/Treasurer
- Mark Greenall, Controller
- Matt Lieder, Board President
- Dyson Schneider, Board Vice President

RECOMMENDED MOTION:

“I move that the Board hereby authorize and direct: 1) removal of Eric Limas as an authorized signatory for all District bank accounts; and 2) addition of Alex Peltzer, General Manager/Secretary/Treasurer, as an authorized signatory for all District bank accounts.”

FROM: Alex Peltzer, GM
John Michael Domondon, Operations Manager

SUBJECT: Resolution 2026-6-1: Resolution Certifying to the County of Tulare the Validity of the legal process used to place charges on the secured tax roll – Action Item

SUMMARY and RECOMMENDED ACTION:

Adopt Resolution 2026-6-1 certifying to the County of Tulare that the District has complied with all legal requirements necessary to place authorized charges on the secured tax roll for collection by the County.

DISCUSSION:

As part of the District's agreement with the County of Tulare for the collection of charges through the secured property tax roll, the County requires participating agencies to annually certify that all applicable legal procedures have been followed in the establishment and placement of such charges.

Resolution 2026-6-1 provides the required certification that the District has complied with all statutory requirements associated with the charges proposed for collection on the secured tax roll. Adoption of the resolution and accompanying documentation will allow the County to process the District's direct charges for the upcoming tax year.

This is a routine annual action required by the County of Tulare for transactions.

RECOMMENDED MOTION:

"I make a motion to adopt Resolution 2026-6-1, certifying to the County of Tulare the validity of the legal process used to place charges on the secured tax roll, and authorizing staff to submit the required documentation to the County."

Resolution No. 2026-6-1

A RESOLUTION OF THE TEA POT DOME WATER DISTRICT CERTIFYING TO THE COUNTY OF TULARE THE VALIDITY OF THE LEGAL PROCESS USED TO PLACE DIRECT CHARGES (SPECIAL DISTRICT ASSESSMENTS) ON THE SECURED TAX ROLL.

WHEREAS, the notices and election for special district assessment fees for the purpose of funding the operation and maintenance of the District to be included on the regular County property tax bill for property owners of the Tea Pot Dome Water District was completed on December 6, 2016; and

WHEREAS, the District is placing the special district assessment on the Tulare County secured property tax roll for collection; and

WHEREAS, the District has complied with all laws pertaining to the levy of the special district assessments to be collected; and

WHEREAS, the monies collected are not in any way to be based on the assessed valuation of the properties involved; and

WHEREAS, the District agrees that it shall be solely liable and responsible, and will defend and hold the County of Tulare harmless from any liability as a result of claims or claims for refunds and related interest due filed by taxpayers against any assessments, fees, charges or taxes placed on the roll for the District by the County; and

NOW THEREFORE BE IT RESOLVED by the Tea Pot Dome Water District that the list submitted with parcel numbers and amount are certified as being correct, the General Manager is hereby authorized to sign any documents required and directed to give the list to the Tulare County Auditor on behalf of the District for placement on the Secured tax roll for collection:

1. Parcel and Assessment listing
2. Direct Charge (Special District Assessment) Control Sheet
3. Direct Charge (Special District Assessment) Change Authorization Sheet
4. Compliance Certification and Hold Harmless Statement

Compliance Certification and Hold Harmless Statement

The Tea Pot Dome Water District certifies the following:

I have read and am familiar with the requirements of Articles XIII C and XIII D of the State Constitution as revised by Proposition 218, including the articles cited below. I believe that all taxes, assessments, levies, and fees accompanying this submission to the County Auditor-Controller for inclusion on the secured property tax roll are in compliance with the law.

Article XIII C. Sec. 2 c. “Any general tax imposed, extended, or increased, without voter approval, by any local government on or after January 1, 1995, and prior to the effective date of this article, shall continue to be imposed only if approved by majority vote of the voters voting in an election on the issue of imposition, which election shall be held within two years of the effective date of this article and in compliance with subdivision b.”

Article XIII C. Sec. 2 d. “No local government may impose, extend, or increase any special tax unless and until that tax is submitted to the electorate and approved by a two-thirds vote. A special tax shall not be deemed to have been increased if it is imposed at a rate not higher than the maximum rate so approved.”

Article XIII D. Sec. 5. “...this article shall become effective that day after the election unless otherwise provided. Beginning July 1, 1997, all existing, new, or increased assessments shall comply with this article.”

Article XIII D. Sec. 6 d. “Beginning July 1, 1997, all fees or charges shall comply with this section.”

In addition, the District agrees that it shall be solely liable and responsible, and will defend and hold the county harmless from any liability as a result of claims or claims for refunds and related interest due filed by taxpayers against any assessments, fees, charges or taxes placed on the roll for the District by the County; and

The District shall be solely liable and responsible, and will defend and hold the County and the County Auditor harmless from any and all legal fees or other costs incurred related to such a claim.

TO: Board of Directors

FROM: Alex Peltzer, GM
John Michael Domondon, Operations Manager

SUBJECT: Water delivery report – Information Item

SUMMARY and RECOMMENDED ACTION:

Receive and file the Monthly Surface Water Delivery Report through May 2026.

DISCUSSION:

Staff prepared the Monthly Surface Water Delivery Report to provide the Board with information regarding surface water deliveries, water operations, and water supply conditions within the District.

The report summarizes surface water deliveries made during the reporting month and provides year-to-date delivery information, as applicable. The report is intended to assist the Board in monitoring water supply availability, delivery trends, and ongoing operational activities.

This item is presented as a routine monthly report, and no action is required beyond receiving and filing the report.
